

## CMS FITNESS CENTER GROUP EXERCISE CLASS DESCRIPTIONS

**AB ATTACK** is a 15-minute core focused class, which may include traditional abdominal exercises, Barre, Pilates, lower back and glute exercises to strengthen your entire mid-section!

**BIKE + BARRE** is a fun and dynamic class including intervals of cardio drills on the bike and Barre exercises off the bike using the bike as the 'barre.' Off the bike, you can expect ballet-inspired moves combined with Pilates, yoga and strength training. Using lighter weights, doing higher repetitions and different ranges of motion, you'll lengthen and strengthen your body!

**BOOTCAMP** is a combination of strength, cardio, muscle endurance, flexibility, core, and functional movement patterns. Think 'football practice' – lots of drills and team training! You get EVERYTHING you need! This class is held outdoors unless there's extreme weather.

**BODY CHALLENGE** is a popular interval class that mixes calisthenics and body weight exercises with cardio and strength training. These classes are designed in a way to be different all the time, and push our participants harder than they'd push themselves. We want to keep you guessing - and challenge you differently every class! Although our instructors may push you like a drill sergeant, our goal is to offer encouragement rather than intimidation. We want you to have tons of fun, but be prepared for some high intensity training!

**BODY BLITZ** is a total body muscle conditioning class using your own body weight, dumbbells, exercise balls and/or body bars for resistance. This express workout combines compound and functional exercises to increase strength, coordination and balance.

**CARDIYOFIT** is a fun, challenging class fusing Pilates and Yoga. You will burn calories, tone muscles, work on balance and you'll get a great stretch! The class is a little different each time, but always a great workout!

**CORE+MORE** think Ab Attack + more 'core.' Class may include traditional abdominal, back, shoulder, glute, hip, leg exercises + Pilates and Barre exercises to strengthen your entire mid-section!

**DANCE FITNESS 'MASH-UP'** A combination of two dance formats, **ZUMBA** (see description for Zumba) & **MIXXEDFIT** which is a people-inspired fitness program that is a mix of explosive dancing and boot camp toning. You'll dance to our favorite songs on the radio that we would dance to at a nightclub. Then, spice things up by adding boot camp-inspired exercises to make your workout more effective and challenging. Lots of fun and calories burned! 😊

**DYNAMIC YOGA** The "Ashtanga" method of yoga involves synchronizing the breath with progressive series of postures - a process producing intense internal heat and a profuse, purifying sweat that detoxifies muscles and organs. The result is improved circulation, a light and strong body, and a calm mind.

**HATHA YOGA** is a low impact form of exercise, which helps to bring harmony to your body and mind. Poses called asanas and breathing exercises known as pranayama help to detoxify your body and restore energy. With regular practice, you will experience improvements in strength, flexibility and balance. Enjoy guided relaxation at the end of each class helps to reduce stress, tension and anxiety. Yoga also helps you achieve balance in your emotions, leaving you better equipped to handle the stress and demands of your active lifestyle. You will leave each class serene and strong!

**HIIT** is a form of interval training. Typically HIIT is cardiovascular exercise, but sometimes intense anaerobic exercises are included alternating with short recovery periods. Though there is no universal HIIT session duration, these intense workouts typically last under 30 minutes with times varying based on a participant's current fitness level and the intensity of the session.

**INTERVAL FIT** is a mix of cardio and strengthening exercises done in timed intervals. Fun, easy to follow moves that will build your cardio endurance and strengthen every major muscle group.

**PILATES** is a system of exercises that improve flexibility, builds strength and develops control and endurance in the whole human body. It puts emphasis on alignment, breathing, developing a strong powerhouse, and improving coordination and balance. The Pilates system allows for different exercises to be modified in range of difficulty from beginner to advanced levels.

**PILATES+TONE** is an interval style, core focused workout including Pilates moves, traditional ab, low back and glute exercises as well as traditional weight lifting exercises to strengthen your entire body in a low impact way.

**PUMPED** is a strength training class sometimes performed circuit style (one exercise after another). For example, you might perform a set of squats followed by a set of upright rows and/or a combo move like squats and shoulder press. Exercises are done with little or no rest between, which provides some cardiovascular training.

**STEP** is a form of cardiovascular training distinguished from other types of aerobic exercise by its use of an elevated platform (the step). The height can be tailored to individual needs by inserting risers under the step.

**STEP & SCUPLT** This fun class includes intervals of basic step and strengthening exercises to give you a complete cardio and strength-training workout.

**STRENGTH EXPRESS** Get a total body, strength-building workout done in 30 minutes!

**S~T~R~E~T~C~H + Restore** You know you need to stretch more!!! If yoga isn't quite your thing then this is the class for you! Simple, restorative stretches will help to release those tight muscles you get from working out and/or sitting at your desk too long.

**STRONG by Zumba®** combines body weight, muscle conditioning, cardio and plyometric training moves synced to original music that has been specifically designed to match every single move. Not your average Zumba class!

**VINYASA YOGA** Vinyasa is a style of yoga characterized by flowing postures, moving from one to another seamlessly, using the breath. This style of practice connects every action of our life with the intention of moving towards what is sacred or most important to us.

**YOGALATES** Easy vinyasa flow followed by Pilates based core work and standing postures.

**ZUMBA** We take the "work" out of workout, by mixing low-intensity and high-intensity moves for an interval-style, calorie-burning dance fitness party. Once the Latin and World rhythms take over, you'll see why Zumba Fitness classes are often called exercise in disguise. Super effective? Check. Super fun? Check and check. A total workout, combining all elements of fitness – cardio, muscle conditioning, balance and flexibility, boosted energy and a serious dose of awesome each time you leave class.
